**Importance:** High

Misfire.

Attaching lightly edited one-pagers for asbestos and formaldehyde (tracked and clean). A previously joint-draft for PBTs is now solely in the bailiwick of CCD.

Please let me know if you have questions or concerns.

**Deadline is COB today**

Note the call for additional fact sheets for formaldehyde and PBTs. Is the latter us? Or a joint effort?

Hi everyone,

Please final attached factsheets that need to be reviewed and or updated.

Additionally, we need additional factsheets on:

**CDR,**  
**Formaldehyde,**  
**PBT rule, and**  
**CBI procedural rule.**

I truly apologize for the short turn around on these, but we need things by **COB Monday** so the OPPT IO can review and we can get these to the OCSPP IO on Wednesday.

Sorry, I sent these all in one email to everyone, these updates today are making me crazy and I just don't want to miss anything. Please forward to anyone who needs this.

Thank you,  
Susanna
